## Dear Attorney Raasch:

This will acknowledge your phone call inquiry regarding service in the above-referenced cases. Because the plaintiffs in the above referenced cases are prisoners, service in these cases is stayed because the complaints are presently under advisement to the presiding district judges for screening pursuant to 28 U.S.C. § 1915A to determine whether either case must be dismissed either because the complaint is frivolous or malicious, fails to state a claim on which relief may be granted or seeks monetary relief against a defendant who is immune from such relief.
